Experience

Ju 2019 - Jul 2019 — **Java Backend Developer** — Aedilics, Noida
- Made complete backend for Aedilics on Java using latest technologies like Spring Boot, Hibernate and MongoDB.
- Also took care of the AWS EC2 instance provided by the project lead.

Oct 2018 - Jan 2019 — **Google Code-in Mentor** — JBoss, RedHat
- Was a member of a team of 40 people selected from around the globe to mentor in Google code-in for JBoss, RedHat.
- We as a team created tasks for participants before the Google Code-in started. After that we evaluated several submissions and also dealt with the participants' doubts.

Jul 2018 - Oct 2018 — **Full Stack Developer** — Mindful Machine, Noida
- Created 3 android apps for Mindful Machine. The three apps included the customer app, shopkeeper's app and the admin app. Also managed the backend on firebase.

Extracurricular Activities

Participated in JMUN'17 — JIIT, Noida

Participated in Jaypee Model United Nations in the Lok Sabha committee.

Technical Coordinator — Developer Student Clubs, JIIT Noida

Conducted a three day workshop on Google's latest technology for Mobile development, Flutter. The workshop was attended by an average of 50 students each day.
